---

Dear Ms. Culbertson:

I am responding to your [indeed.com](https://www.indeed.com) listing for a Part Time Bookseller at Barnes and Noble in Escondido, California.

Currently, I am attending classes at nearby JPCatholic University, with an expected graduation date of June, 2019. I have listed your store numerous times, as it is within walking distance from my home, and found your staff to be knowledgeable and considerate to customers.

I would like to join your team, having previous retail and cash handling experience. I am also a book lover, and have purchased numerous books from your store.

Please review my attached resume, which I have sent as a .pdf file, for additional work history and skills. I will be visiting
